No of Apartments	138

**Fulham Reach** is the regeneration of a former Distillery brownfield site on the North bank of the River Thames, into a thriving new riverside development.

The first phase consisted of 138 ultra-high specification homes.

Eurosat provided the system design, full parts supply and technical support for a 9 wire (two satellite) IRS system through a fibre feed for the various cores. Eurosat also supplied a high spec 4x4 HD distribution matrix unit into each apartment.
